

Planning Quilt – 2015-16 – 2021-22

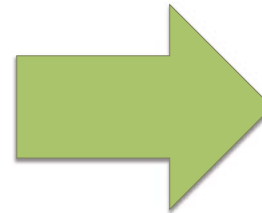

De Anza follows a 7-year planning and resource allocation cycle driven by our Educational Master Plan (EMP) – including an equity framework and our mission and values – which influences all college activities.

ACCJC Assessment and Planning

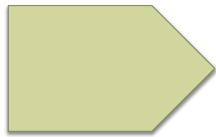

Includes the annual report and annual fiscal report due each March; the mid-term report due every four years in the fall; the self-study report due every 7 years in the spring and the site visit in fall 2017.

Annual Program Review Process

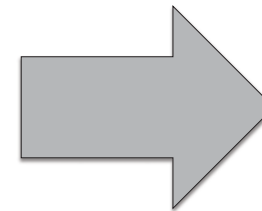

Annual program reviews (APRU) are completed by each department and/or program every 4 years with a comprehensive review (CPR) completed in year 5 followed by a year of reflection.

College Planning Committee (CPC) Assessment and Planning

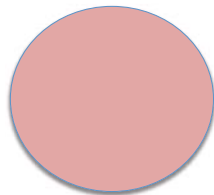

CPC coordinates and monitors all college planning processes including: reviewing the mission, values and EMP, assessing planning cycles, and monitoring/guiding the accreditation process.

Institutional Core Competencies and Metrics Assessment

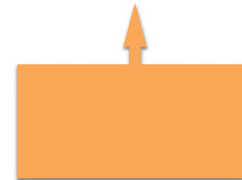

The college annually reviews its institutional learning outcomes (ILOs) culminating at the annual Convocation. The CPC annually reviews the institutional metrics and reports outcomes to College Council.

Planning and Budget Teams (PBTs) and College Council

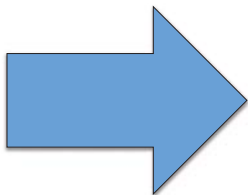

PBTs undergo annual planning and resource allocation through program review. The PBTs include Instruction, Student Services, and Finance and College Operations. Resources are voted upon within the PBTs annually and approved by College Council.

Outcomes Assessment

The college engages in annual student learning outcomes assessment for all programs and departments from the course level to the institution level. The APRU process is linked to outcomes assessment.

Equity Assessment and Planning

Departments complete and update equity plans annually – led by their equity teams. The CPC utilizes the Equity Driven Change Model and Rubric to assess the EMP and institutional metrics annually and report findings to College Council.

Curriculum Review

Course curriculum undergoes a review every 5-years and includes student learning outcome development and assessment.
